

Alderon PLAFOND

PREMIUM uPVC CEILING PANEL

Solusi Plafond Inovatif

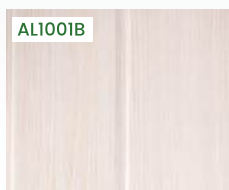

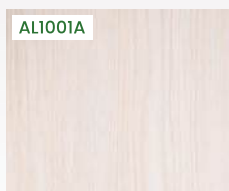

Alderon Premium uPVC Ceiling Panel merupakan salah satu produk inovatif dari PT. Unipack Plasindo yang terbuat dari bahan baku dengan formulasi terbaik sehingga menghasilkan plafon yang ringan namun kokoh, menjadikan Alderon Premium uPVC Ceiling Panel sebagai alternatif terbaik untuk plafon modern hunian anda.

Alderon Premium uPVC Ceiling Panel menggabungkan sifat tahan terhadap bahan kimia, mereduksi panas, tahan air, dan mudah untuk dipasang maupun dilapisi dengan lapisan dekoratif yang juga memiliki sifat penghambat api yang baik dan dapat padam dengan sendirinya.

Motif yang Variatif

Teknikal Data //

Tebal	8 mm
Lebar	200 mm
Panjang	4,5,6 m
Aplikasi	Tongue & Groove
Isi Box	15 Lbr

*Data diatas adalah data tipikal

Aplikasi //

- Ruang Tamu
- Teras Rumah
- Ruang Ibadah
- Ruang Rumah Sakit
- Ruang Kantor
- Ruang Kamar Tidur

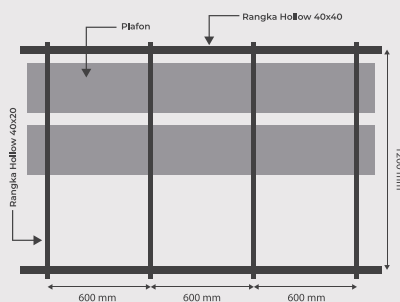

Penanganan Produk //

- Disarankan untuk memasang produk pada suhu yang sama dengan suhu ruangan sekitar pemasangan.

- Produk harus disimpan pada permukaan yang rata dan dikondisikan sebelumnya selama 24 jam untuk mencapai suhu ruangan sekitar pemasangan sebelum instalasi.

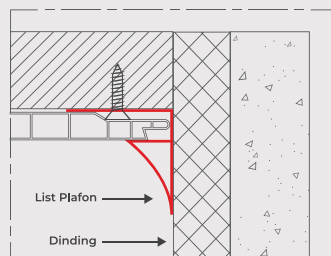

- Penyimpanan pada permukaan yang tidak rata dapat menyebabkan plafon terdistorsi sebelum pemasangan.

Panduan Instalasi //

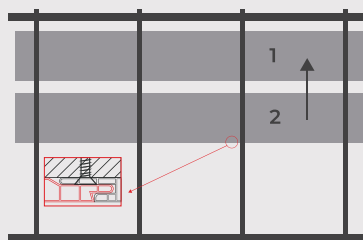

1

- Siapkan & pasang rangka hollow berjarak 600x1200 mm.

2

- Pasang list plafon pada sudut ruangan yang akan dipasang plafon.

3

- Pasang plafon pada bagian sudut ruangan yang sudah dipasang list plafon.
- Selanjutnya perkuat plafon dengan menggunakan skrup pada rangka hollow.
- Pasang plafon kedua dan seterusnya sampai plafon terakhir.
